

For Immediate Release

February 27, 2006

Island Training exhibits at the FOSE 2006 Conference

Durham, N.C.- Island Training, a Durham, N.C. based company that provides hands-on training for IBM® Rational® software tools, will host an exhibit at FOSE 2006, the nation's premier technology event for government. FOSE attendees can learn more about Island Training courses and technology and how they can be tailored for their company's needs.

FOSE 2006 is celebrating its 30th year as the premier government technology event for federal, state, and local government professionals. It is the forum for government to see new technology products, hear from industry and government visionaries, and explore high tech innovation at work. FOSE 2006 takes place at the Washington DC Convention Center on March 7-9 with 25,000 attendees and 550 industry exhibits.

For more information visit www.fose.com. Or contact Janet Pigeon at Island Training at 919-401-8485.

About Island Training

Island Training Solutions provides hands-on training for IBM® Rational® software tools. Co-founded by a member of the original ClearCase® development team and a technical training professional, Island Training offers a unique approach to teaching complex software products. Combining a modular strategy with their mobile training labs and on-demand production of course materials, Island Training delivers programs that meet the specific needs of each client. Hybrid classes, which allow an instructor to lead traditional classroom training at an onsite facility while simultaneously teaching remote students in a virtual classroom, are now available for the full curriculum. More information about Island Training is available at <http://www.islandtraining.com>.
